

EzyHelpers

Skilled, Verified On-Demand Helpers

Affiliations

Aasaan Parijan Pvt Ltd | EzyHelpers

About EzyHelpers

We are committed to providing Urban Customers with a perfect tech-enabled platform for their daily house help needs. This platform is empowered to address deeper issues like trust deficit, skilled and inconsistent supply, which is unable to match pace with growing demand, service quality, and limited skilled talent pool.

The placement of domestic helpers is a very important and sensitive job. We take this responsibility seriously and conduct a thorough background check on all our applicants.

About Us

EzyHelpers connects skilled and verified domestic helpers with Urban customers. Our company's goal is to make the hiring process for domestic helpers over the mobile on the go.

Vision and Mission

With the best use of technology, we aim to provide the best and safest domestic helpers for the people in need. We ensure that our domestic helpers are verified before they are offered to the clients. Which ensures that there is no risk of hiring an unverified or unreliable helper.
